In a bitter battle over her finances, pregnant teen star Jamie Lynn Spears has slapped her mother Lynne with a shocking ultimatum: Give me my money – or I'm moving out!

The 17-year-old "Zoey 101" star threatened to move in with her future in-laws, prompting Lynne to fly home to Louisiana to smooth things over, sources tell The ENQUIRER.

"Jamie Lynn is frustrated because Lynne is still in control of her finances,

plane in Los Angeles and headed home to Kentwood. She's buying everything for the baby's nursery."

She also helped Jamie Lynn get ready for her baby shower, but even as that was happening, they were still fighting over money.

"Jamie Lynn wants to control her own money and marry Casey. But Lynne isn't so sure Jamie is ready for that much responsibility at such a young age."

Jamie Lynn is also smarting over the amount of time Lynne has devoted to big sister Britney and her problems, said the source. With her mother in Los Angeles, Jamie Lynn turned to her future mother-in-law Joyce Aldridge for support, said another source.

"Jamie Lynn's relationship with Joyce is blossoming into a real friendship, and she's become very comfortable asking her for motherly advice," revealed a pal close to the family.

"They go shopping together all the time now, and Jamie Lynn has even canceled plans with Lynne because she's tired of hearing her go on and on about Britney."

Jamie Lynn and Joyce were recently photographed chatting together at the Aldridge home in Mississippi while Casey mowed the lawn.

The pal added: "The bright side is that Joyce has no agenda, and Jamie Lynn has grown to love her like a second mom."

## Britney turns Malibu home IN

**B**RITNEY SPEARS has trashed her rented Malibu house, leaving the place with thousands of dollars in damages – and the owners are furious, say sources.

The human wrecking ball rented the six-bedroom, six-bath, fully-furnished house last September for a whopping \$35,000 a month. But when Britney left, the owners found broken windows, scratched marble floors, stained carpets and broken cabinets, an insider revealed.

Incredibly, the pop tart didn't even live in the \$3.5 million home – but still managed to turn it into a pigsty, say sources.
