

BRUCE'S NEW GAL

Right under Demi's nose, he romances sexy LOOK-ALIKE

DIVORCED stars Bruce Willis and Demi Moore reunited for a family vacation - but when Demi went shopping with their kids, romeo Bruce slipped away for a smooching session with a sexy new galpal, reveal sources.

GLOBE's lensman snapped the Bandits hunk outside L.A.'s Raffles L'Ermitage Hotel Oct. 20, stealing some sugar from Belgian-born model Ingrid Vandebosch, who looks like a younger version of Demi.

"Bruce was standing on the sidewalk passionately kissing a gorgeous brunette in her 20s," reveals an eyewitness.

"She looked just like Demi - only 10 years younger.

"They hugged each other after leaving L'Ermitage and at one point, Bruce yanked her cap up to look in her eyes.

"He planted a romantic kiss on her forehead and then on her lips.

"She seemed to be gaga over Bruce and he was totally smitten with her. They looked like a couple falling in love."

Later, when GLOBE approached the gorgeous model, who's appeared in top fashion magazines worldwide, she told us, "Bruce and I are new friends. We just met recently."

Bruce, 46, had been staying down the street from the L'Ermitage at the swanky Four Seasons Hotel.

He and 39-year-old Demi checked into adjoining presidential suites - each \$4,000 a night - where they camped with their daughters Rumer, 13, Scout, 10, and 7-year-old Tallulah.

But Bruce still managed to sneak in his romancing even during his family vacation. When Demi and the girls left to do some shopping, he hurried down the street to the L'Ermitage to meet his new love.

Four hours later, as Demi and the girls returned to

the Four Seasons, Bruce emerged from the L'Ermitage with Ingrid in tow.

"After a final farewell kiss, she trotted back into her hotel," says the eyewitness.

"Bruce, sporting a huge grin on his face, walked back to the Four Seasons."
