

CHER: I MISS SEX!

Lovestarved songbird confesses she needs a man - **NOW!**

Cher's past lovers have included guitarist Richie Sambora (above), Kiss rocker Gene Simmons (right) and producer Josh Donen (far right, bottom). She was also married to rocker Gregg Allman (far right, top)

'She's always liked handsome, virile men'

man I've ever known." But after three years together, the relentless limelight surrounding Cher drove Camilletti away in 1990. "Cher has always liked handsome, virile men - and usually younger ones," the source says. "She works so hard to keep herself beautiful. It just kills her that she can't find a lasting relationship." Cher's half sister Georganne La Piere notes that the Oscar winner doesn't get out enough and her daughter Chastity calls her mom a homebody.

But the source says that's all changing now. "She's going out more and all of her friends are trying to fix her up," the source explains. "But it never seems to work out. She's either too busy working or traveling or the guys just aren't right for her." In an interview with British writer Nina Myskow, Cher confesses: "My whole life I've been pretty independent, but I really would like a relationship. But I've had too many that are turbulent, so I'd like someone like

Robert (Camilletti). Because he was just great fun, and he was fabulous." So why not Robert himself? "Not Robert, no. Not Robert," she sighs. GLOBE advice columnist Ivana has these words of wisdom for lovelorn Cher: "You are famous, wealthy, sexy, beautiful and smart and - believe me, I know - this is a deadly combination for many men and their egos. "My advice to you is to just relax, enjoy yourself and don't try too hard!"

The singer turned her Malibu mansion into a love palace, but her bed remains "cold and empty"
