

Pop diva hits the street dolled up like porn princess

If What a Girl Wants is to get attention, Christina Aguilera got her wish! The brazen blonde thought nothing of strutting her stuff on a busy Los Angeles street gussied up like a dominatrix hussy in fishnets, garters, titillating bra top and brandishing a whip!

And our lensman was there to capture every outrageous moment.

"Christina stepped out of her red convertible Ferrari dressed head to toe in scanty, porn-queen garb," an eyewitness tells GLOBE. "No one could believe what they were seeing."

"She paraded around for a moment and let the crowd have a good, hard look. It was an awesome sight. Everyone's eyes were popping out of their heads."

But the 21-year-old pop diva's kinky curbside show June 12 was just the beginning. Aguilera was dolled up in the outrageous getup, which also included sizzling red lace-up boots and a teeny fringed bottom, for her guest appearance in The Pussycat Dolls, a risqué burlesque-style revue, at The Roxy on Sunset Strip.

The sexy singer was unable to rehearse due to illness and could only run through her numbers just hours before curtain time, but it didn't hurt her racy bump-and-grind act one bit.

"Christina was fabulous!" an audience member at the sold-out performance raves to GLOBE. "She was absolutely spectacular!"

The singer joins other sizzling stars who've guested as Pussycat Dolls, including Carmen Electra, Charlize Theron and Christina Applegate.

"It's reminiscent of what I did for Lady Marmalade, including garter belts," Aguilera says, referring to the steamy video she made for the Moulin Rouge hit song. "But I think this is a little edgier."

One thing's for sure - judging by these revealing photos, those rumors about her having breast implants seem to be true! - ROBIN MIZRAHI
