

IN PSYCH WARD DROWNS IN POOL

Soap star suffers mental breakdown

The 45-year-old star has had a run of terrible luck.

She also has two daughters with ex-husband Michael Tyto — Izabella, 10, and 9-year-old Kayla — who lost an eye from cancer of the retina.

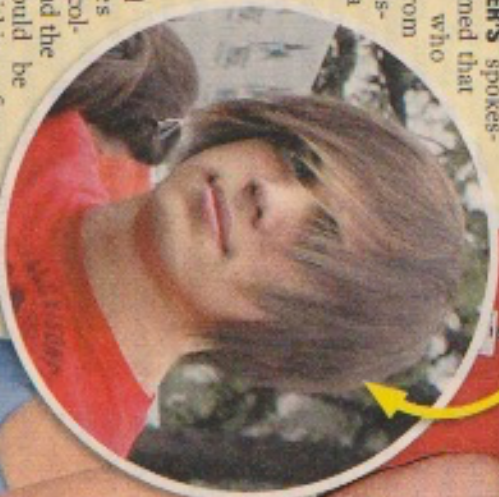

Hunter's 26-year-old son Christopher, from a previous marriage, was in the house where Michael died.

"He found his brother dead in the pool," said another family friend. "He's so upset. He's a mess."

A CORONER'S spokesman confirmed that Michael, who suffered from a seizure disorder, had a convulsion and then fell into the pool. He had no history of drug abuse, but standard procedures call for toxicology tests, and the results should be available within a few weeks.
