

J.LO CAUGHT IN LOVE TRIANGLE!

Jennifer Lopez and Jennifer Garner rivals for the love of Ben

the Hollywood buzz after beauty Garner and her actor-husband Scott Foley suddenly considers say, amid rumors and J.Lo's fiance Affleck super-cozy on the set of *Daredevil*. In the blockbuster flick, she is the girlfriend of Ben's fiance, a blind superhero.

"It was like they were a couple in real life," claims a set

source. "Everyone was stunned to see them acting around each other on set since she was married to Scott. It was with J.Lo."

At the time, J.Lo was 3,000 miles away on the east coast of the island of Manhattan while Affleck and buff-bodied Lopez seemed to be growing closer together.

Signs of a possible romance between the former *Felicity* star and Foley, sources say. And Foley believes his wife's passion for the strapping co-star was one of the reasons Scott and Jennifer's 18-month marriage collapsed.

"I was just so impressed with her as a human being," Garner says in a February interview. "I called before she and Foley called

Tinseltown: Did Jennifer tell Scott that she was in love with Ben?

As GLOBE revealed last week in a series of revealing photos, while Garner and Foley were clearly having problems, she and Ben looked like they were attracted to each other while making *Daredevil*, says the insider.

"If Ben was there, she'd show up on the set even when she wasn't due to work. That's very unusual

for actors - if they're not shooting, they don't like to go to the set.

"Jennifer would stay close to Ben, watching him film his scenes. She'd hang around for hours. Then they'd walk off together between shooting toward his trailer."

There was gossip at the time that though Affleck had his hands full dating the voluptuous Lopez, he had completely flipped for his slinky co-star, adds the insider.

What's more, sources close to J.Lo's family say that early this year they sensed a cooling between the 32-year-old Latina sexpot and her 30-year-old fiance around the time Affleck and Garner were both on a tour to publicize *Daredevil*.

"Suddenly, when Jen and Ben were together, they seemed distracted," says a Lopez family source.

"Things between them got edgy

enough for the people closest to her to wonder if Ben was falling for Jennifer Garner and Jen had picked up on it."

But according to another source, Ben must have had second thoughts. "A friend told me that Affleck and Garner were at a party recently and Ben whispered to her, 'Don't leave your husband for me.'"

Meanwhile, Garner, 31, denies her marriage ended because of her relationship with Affleck, saying, "That's pure fantasy."

But friends of her husband say 30-year-old Foley believes something happened between his wife and her Oscar-winning co-star.

"I'm convinced that Jennifer and Ben had an affair on the set of *Daredevil* - and Scott believes it, too," says one friend.

A pal says, "Scott tried to ignore it at first, but the rumors would go away."

"Then Jennifer stopped wearing her wedding ring. For awhile, she made excuses like her fingers were swollen, but Scott knew that it was the beginning of the end."

"Scott wanted to stay married to Jennifer forever, but he hurt his pride. He loved her, but he was not going to put up with rumors of her having an affair with someone else and it being talked about in half of Hollywood."
