SNEAK PEEK INSIDE KATHERINE HEIGL'S *Fantasy Wedding*

"GREY'S ANATOMY" beauty Katherine Heigl is set to star in her most meaningful production yet – her romantic, star-studded wedding in the snowy mountains of Utah.

The 28-year-old actress will tie the knot with her fiance Josh Kelley on Dec. 23, surrounded by family, friends and fellow "Grey's" cast members, and The ENQUIRER has an exclusive sneak peek.

"Katie owns a remote piece of property in rural Utah, and she thinks it's an ideal spot for her walk down the aisle," a close source told The ENQUIRER.

"She doesn't want a typical Hollywood wedding in a posh hotel. She wants it to be intimate, personal, and most of all, romantic. The plans are to erect a tent on the grounds of her property, fill it with flowers and candles, and be surrounded by the people who mean the most to her."

Katherine, who plays Dr. Izzie Stevens on the hit ABC series, met singer-songwriter Josh, 27, in 2005, when she appeared in the music video for his single "Only You."

"For Katie, it was close to love at first sight," continued the source. "Less than a year after meeting him, she agreed to marry him – and she couldn't be happier."

The wedding will be a two-day celebration that will include skiing as well as a ceremony and reception. Guests will stay at a nearby resort and will be shuttled back and forth to their secluded Utah compound. Kate Walsh, T.R. Knight, Ellen Pompeo and Ellen's fiance Christopher Ivery will be in the wedding party.

One person who won't be invited to the affair is Isaiah Washington, because Katherine says she wants the celebration to be "completely harmonious."

The ceremony will also include a tribute to Katherine's older brother Jason, who died tragically of brain injuries suffered in a car accident in 1986.

Said the source: "Josh is so in love with Katie, and he wants her to have her dream wedding – and if it includes lighting a candle for Jason, he's perfectly happy to go along with it."
