Tobey follows Nicole (left) as she leaves his \$3.7 million Hollywood Hills bachelor pad in the early morning and gets into a black SUV (top) with her driver June 15. The sweethearts were first spotted together May 5 (right)

reveals another insider. "She told me he's cured all the loneliness she's been suffering since her heartbreaking divorce from Tom Cruise."

Another plus for Maguire in Nicole's book, say sources, is that he has a great rapport with children and would get along well with Isabella, 9, and Connor, 7, the kids she adopted with Cruise.

"It really helps that Tobey loves children so much," notes the source.

Before hooking up with Nicole, Maguire had been romantically linked to Rashida Jones, daughter of music legend Quincy Jones, and his Spider-Man leading lady Kirsten Dunst. But ever since

he met Nicole, "no other woman exists for him," says another source. "All he talks about is Nicole, how sweet she is, how intelligent. He can go on and on for hours."

"I've never seen Tobey so gaga over a woman. He's like a little kid, so completely happy to be in love."

Insiders note that Nicole, being older and more mature, wants to take it slow. But one thing's certain, the romance has been a real shot in the arm for the flame-haired star.

Says the first source, "It's really good for Nicole's ego to have a hot movie star like Tobey, who's eight years younger than she is, be so crazy about her." - ROBIN MIZRAHI
