

# WAS THIS WOMAN BIN LADEN'S SEX SLAVE

**O**SAMA BIN LADEN is a perverse, lust-crazed animal, says a beauty who claims she was imprisoned for six months by the twisted terrorist and bullied into having rough, kinky sex.

"I was forced to have sex over and over with the most evil man in the world," Kola Boof, 33, tells GLOBE in an exclusive interview.

Boof, now an author living in Los Angeles, says Bin Laden raped her in her apartment after meeting him in a Marrakech, Morocco, restaurant in 1996.

"He started touching me and said, 'Let me see your breasts,'" she confides. "Then he told me to close my eyes, and before I knew it, he threw me on the floor and pulled off my clothes. I tried to resist, but he was too strong."

The man who would mastermind the destruction of the World Trade Center soon imprisoned Boof, an actress and model, in a suite at the luxurious La Maison Arabe hotel and continued to have his way with her. And all the while, Boof says she had no idea who the tall, dark stranger really was.

"Once in a while, he'd disappear 'to take care of business' for weeks at a time," she recalls. "I didn't know he was a terrorist. I just thought he was some rich guy from Saudi Arabia."

The beauty from the North African nation of Sudan, adds that even when he was away, his bodyguards watched over her constantly to make sure she didn't slip away.

"Then he started turning up at the hotel filthy dirty and smelling

really bad with food stuck in his beard," she says. "And he became more and more sadistic."

"During sex, he started biting me very hard - on my breasts, neck and arms. When I screamed out in pain, he got really excited and made these awful animal sounds."

Her ordeal continued until Bin Laden got bored with her, she says.

"He became interested in other women and brought two over to my room - a beautiful French girl and a Jewish stripper," she says.

"Osama wanted us all to have sex together. When I said I didn't want to, he beat me up. I still refused, and that's when he lost interest in me and told me to leave the hotel."

The story broke after she pulled her 5-year-old son out of school because rumors began to swirl

that he was Bin Laden's son - and a stranger started taking pictures of him. But she says he's too young to have been conceived by the terrorist.

Boof, who wrote the best seller *Long Train to the Redeeming Sin*, claims she's now been marked for death by a radical Muslim group in Sudan for her writings condemning barbaric rituals like female castration. And she was dropped by her Moroccan publisher on New Year's Eve after his printing press was firebombed.

Although the validity of Boof's incredible tale has been questioned by some people, she has a bevy of supporters, including New York University law professor Derrick Bell and Washington radio personality Joe Madison. And the talk around Tinseltown is that Halle Berry may star in a movie
