Sexually yours,  
Miss Bonny Lewis

Bonny Lee Bakley  
boasted that  
she was totally  
uninhibited

She also said she liked S & M, could be "submissive" or "dominant" and enjoyed sex with women and threesomes.

"I am also bisexual," she wrote, "and from time to time swing with

couples where the female is bi."

In her letters, Bonny Lee would ask for \$20 or \$40.

But she sometimes cheated men by taking the money and not showing up for dates. But she

often did show up to satisfy her craving for sex, says an old friend.

"Bonny Lee said she'd had hundreds of lovers," the pal confides. "Sure, she conned a lot of guys. But she also got involved with many of them and had affairs.

"Her letters show a deep well of sexual knowledge. She knew about all these things firsthand."

Don Wilson, a pal she knew before she moved to L.A. and hooked up with Blake, says he was worried about Bonny Lee's safety because of the dangerous dives she haunted, trolling for men.

"She would hang out every night in the clubs until three or four in the morning," he reveals.

"She was an out-of-control lost soul. I feared for her because she was always doing something crazy."

Chillingly, Bonny Lee admitted to Wilson that her wild life was dangerous.

"One day," she confessed to Wilson, "one of these guys is going to kill me."
